

Wire System

LED iBonds universal wire system for GRACY Horticulture lighting panels is a flexible solution and easy to install. The system is made of two different parts. A small plastic insert which fits into the LED panels mounting holes and a steel wire with hooks. The steel wire comes in a variation of different lengths making the system modular and gives maximum flexibility.

The design of the wire system and the plastic insert allows for an easy and flexible installation. The panels can also easily be dismantled from the wires for service or cleaning.

Product Description	Product Image	Dimensions	Note
Wire insert		$D_1 = 8 \text{ mm}$ $d_1 = 4 \text{ mm}$ $H = 16 \text{ mm}$	
Wire w. hooks		$L1 = 250 \text{ mm}$ $L2 = 500 \text{ mm}$ $L3 = \text{Customizable}$	
Wire		$L1 = 1000 \text{ mm}$ $L2 = \text{Customizable}$
