

Indicative Pricing

For service stations & carwash

The slim 10 mm GRACY® LED-panels are available in many shape and sizes for 1:1 retrofit for covering/re-use existing frame

IP67

Weather, water and dust resistant aluminum panels and glass protected LEDs designed for rough environments

Excellent uniform light distribution 85° Flux 5050 to 15.000 lm, 88 lm/W 4000K, CRI +80

Adjustable light, lux and lumen with LED iBond Light Management System and most lighting control systems e.g., DALI

Market leading product lifespan. High quality solution designed and manufactured in Denmark

Easy installation with customized retrofit mounting

Reduced climate impact with energy efficient LEDs in recycable aluminum panels and less plastic

Article Number	Products Light Panels	Category	Price
51246.10	RGS LL 560x260-IP65-840 (12 LED/57W/5000lm)	CANOPY	€ 354,00
51272.10	RGS LL 560x360-IP65-840 (12 LED/57W/5000lm)	CANOPY	€ 359,00
51246.11	RGS GL 560x260-IP67-840 (12 LED/57W/5000lm)	CAR WASH	€ 359,00
51446.10	RGS GL 560x360-IP67-840 (12 LED/57W/5000lm)	CAR WASH	€ 369,00
51425.01	SQUARE LL 750X750-IP65-840 (12 LED/57W/5000lm)	CANOPY	€ 389,00
51351.02	CIRCLE LL Ø350-IP65-840 (9 LED/46W/3600lm)	CANOPY	€ 289,00
51563.050	CIRCLE LL Ø1020-IP65-840 (36 LED/160W/15000lm)	CANOPY	€ 769,00

The above article numbers include mounting kits and power supply that are compatible with most damping and control systems.

Ideal for service stations, gas- or charging stations

Due to the efficient lighting creating well-lit and safe surroundings, with LED iBond Light Management System

We are happy to design and calculate a final offer for any project
